HISTORY

A LEGACY OF EXCELLENCE IN LEGAL EDUCATION

The erstwhile Government of Mysore was pleased to start a Law College on 1st July 1948 in Bengaluru, known as the Government Law College. It was transferred to Bangalore University in the year 1964 and since then the college is known as University Law College and Department of Studies in Law, Bengaluru.

From the early days of its inception, University Law College and Department of Studies in Law was situated in the Central College Campus of Bangalore University, close to Vidhana Soudha & High Court of Karnataka. However, from the academic year 2006-07, ULC was shifted to a new spacious building situated in the Jnana Bharathi campus of Bangalore University.

University Law College & Department of Studies in Law has consistently pushed the boundaries of innovation in legal education. Notably, it introduced the five-year integrated BA. LL.B degree program in 1986-87, a pioneering initiative that set a new standard for legal education in India. This achievement was made possible under the visionary leadership of Prof. V.B. Coutinho, the then Principal of ULC. Committed to academic excellence, ULC has organized numerous National and International Seminars, Conferences, and Workshops. The institution has also established a robust research culture, with a focus on contemporary issues in law. The introduction of the B.A.LL.B (Hons) program in 2019-20 further underscores ULC's dedication to staying at the forefront of legal education.

The college is also reaching out to society by organizing extension activities apart from bringing out publications on issues of contemporary relevance. The University is providing quality teaching, encouragement and goals aptly symbolized by its emblem 'JNANAM VIGNANASAHITHA'.

LEGAL SERVICES CLINIC AND LEGAL AID & LITERACY PROGRAMME

University Law College & Department of Studies in Law considers its pro bono motive as an integral aspect of the LLB programme, and the Legal Services Clinic is a critical component that reflects this philosophy. As part of the programme, law students visit villages to conduct legal awareness programs and identify the socio-legal issues prevalent in the community, using a scientific questionnaire to assess day-to-day problems, levels of literacy, and lack of legal knowledge. Students, with assistance from staff, then provide legal advice to address routine, social, and economic issues. This outreach initiative has been a consistent practice since the introduction of the five-year LLB programme in 1985-86. The college has adopted villages in Bangalore district as part of its Legal Aid Service Programme. Presently, it is being headed by Prof.Dr.Sathish Gowda.N, Chairman, University Law College & Department of Studies in Law.

In addition, court and jail visits are a crucial component of legal education.
